

PRODUCT DATASHEET - 2-4 ZONE CONVENTIONAL FIRE CONTROL PANELS

PRO-SENSE

Conventional Control Panel

TI-002306

DESCRIPTION

Available with 2 or 4 zones, Pro-Sense is the entry level panel from Ceasefire but still has plenty to offer!

With an array of engineering options including Twin Wire setting by DIL switch, programmable zones & outputs, false alarm management mode, non latching zones and class change input the Pro-Sense is the most dynamic entry level fire panel on the market today. The display uses super bright, clearly labelled LED indicators and the colour coded buttons give the end user the confidence to correctly manage their fire alarm system.

KEY FEATURES

- 2 or 4 zones
- False alarm management mode
- Twin Wire selection by DIL switch
- Approved to EN54-2 & 4
- 1 year warranty
- Fire & fault relays
