

NEVER OFF DUTY

CEASEFIRE AUTOMATIC FIRE EXTINGUISHER (WALL MOUNTED)

NEW AGE PROBLEMS DEMAND NEW AGE SOLUTIONS

The world is evolving at an astonishing speed, and so are modern spaces. These new-age buildings that accommodate modern businesses are today home to a whole host of high-end electrical utilities, advanced machinery, and trail-blaze electronics, making the spaces highly complex when it comes to fire safety.

The risk of fire in these buildings today is so unique and unprecedented that conventional fire safety technologies are simply not able to meet the challenges.

Need of the hour is an avant-garde fire safety solution that keeps up with the ever-evolving risk.

INTELLIGENT. AUTOMATIC. TARGETED.

Buildings today inhabit complex fire risks that not only need intelligent fire technologies which are

independent of human intervention but also offer targeted protection in places that matter the most.

How do you safeguard assets that are not in proximity of fire protection?

Extinguishers have traditionally been passive equipment. However, times have changed. It's time that extinguishers turn passive defence into active

protection and provide targeted shielding to assets where they are placed.

AUTOMATIC FIRE EXTINGUISHER

WALL MOUNTED

Futuristic firefighter for the new world

Ceasefire recognized the evolving fire safety needs of the modern world and developed the next generation of automatic fire extinguisher, which is not only fully automatic but also capable of providing targeted protection.

Ceasefire's Automatic Fire Extinguisher comes with a smart thermal-actuated, automatic discharge mechanism that makes it fully independent of any human intervention to fight fires.

FIGHTS CLASS:

A B C ⚡

CERTIFICATIONS:

CE₁₁₂₈

EASY WALL MOUNTED INSTALLATION

Ceasefire Automatic Fire Extinguishers come equipped with wall mounting brackets that make it extremely easy to install the extinguisher on the wall.

What makes the extinguisher even more versatile is the optional telescopic mounting mechanism that can make the extinguisher reach closest to the area of threat. This makes it capable of protecting specific spots or assets that are at high fire risk.

TWO IN ONE SOLUTION

Ceasefire Automatic Fire Extinguisher (Wall-Mounted) solves two problems at the same time. One, it puts fire fighting on autopilot and Two, saves your productive floor space.

The adjustable telescopic arm (optional) of the extinguisher can be extended to protect the high-risk areas where installing an extinguisher is a challenge.

HOW THE FIRE FIGHTER KICKS INTO ACTION

Ceasefire Automatic Fire Extinguisher is a one-of-a-kind extinguisher that works as a standalone, modular suppression system. Ensuring that no fire goes undetected and unaddressed. The biggest pro of this advanced extinguisher is that it eliminates the need to manually address the fire.

The thermal actuator detects the rising temperature of the area and activates

automatically, even when no one is around, ensuring that the fire is brought under control early and efficiently.

The optional telescopic arms of the Automatic Fire Extinguisher bring the extinguishers closer to the threat and guard the targeted areas that are at high fire risk. Ultimately, improving the chance of early fire detection and effective fire fighting.

CLEAN AGENT AUTOMATIC

CLEAN AGENT FIRE EXTINGUISHER

OTHER PROTECTS A VOLUME OF 1.4 M³ TO BE USED ONLY AS SPECIFIED - THE TRIGGER AT 68-4°C. DO NOT LIVE ELECTRICAL CONFINED ENCLOSED RISK OF FIRE FROM LIQUIDS, SOLIDS

COMES IN TWO POWERFUL AGENTS

The Automatic Fire Extinguisher is available in two-agent options namely: Clean Fluoroketone (FK) Gas and ABC Powder.

Availability of the extinguisher in these two agent options makes it ideal for a wide range of applications.

SIZES AVAILABLE:

Fluoroketone (FK)	1 KG	1.5 KG	2 KG	2.5 KG	4 KG	6 KG	9 KG
ABC Powder MAP50	1 KG	2 KG	4 KG	6 KG	9 KG		

FEATURES

<p>A,B,C</p> 	<p>Works on all classes of fire</p>
	<p>Automatic suppression & detection mechanism</p>
	<p>State-of-the-art pressure gauge</p>
<p>6</p>	<p>6-year warranty</p>
	<p>Available in Clean Agent & Powder-based variant</p>
<p>F Gas</p>	<p>Free from F-gas regulations</p>
	<p>The telescopic arm (optional) enables optimal positioning of the extinguisher</p>

APPLICATION AREAS

The Automatic Fire Extinguisher (Wall-Mounted) is suitable for almost all applications. The ease and agility with which it can automatically

destroy flames while saving floor space makes it a quick and effective firefighter.

Paint Factories

Printing Ink Storage Areas

Battery Banks

CNC Machines

Plastic Injection Moulding Machines

Garment Stores

CEASEFIRE DESIGN CELL :

No two premises are alike. By offering the most flexible system configurations in the industry, Ceasefire provides the most efficient protection for facilities. Believing that the most effective fire solutions are the ones that are customised according to the unique characteristics of the area being protected, Ceasefire has established the Ceasefire Design Cell (CDC).

Functioning as the single touch point for all fire safety needs, CDC is manned by fire experts and managers with years of experience in fire safety under their belts. As a part of Ceasefire's 360 degree protection solution, the Ceasefire Technical Survey team visits your facility and conducts a detailed study to understand its vulnerabilities and requirements. They survey the premises and work out requirement based on fire threats in the room.

Once it has been finalised, Ceasefire's expert Installation Team oversee installation and testing. The Ceasefire Team also trains you and your staff to use the fire safety system.

Benefits:

- An exhaustive planning process, executed by engineers with years of experience.
- State-of-the-art solutions and products in association with world leaders.
- Design and installation of your System overseen by professionals, ensuring delivery of a high quality & reliable system.

CEASEFIRE NOW

360° lifesaving fire safety solutions. More than 3,000 new customers a month. A product sold every 61 seconds. A life saved every 5 minutes. Presence in over 300 cities and towns. Backed by a team of more than 2,000. 400 lifesaving products – from green fire extinguishers that can tackle any kind of fire to first of its kind automatic fire extinguisher to most advanced independent suppression systems – Ceasefire has it all. We're equipped and ready to protect your premises.
